Footprints

*One night I had a dream.
I dreamed I was walking along the beach with God
and across the sky flashed scenes from my life.
For each scene, I noticed two pair of footprints in the sand,
one belonging to me and the other to God.
When the last scene of my life flashed before us,
I looked back at the footprints in the sand.
I noticed that at times along the path of life
there was only one set of footprints.
I noticed that it happened at the very
lowest and saddest times of my life.
This really bothered me and I questioned God about it.
"God, you said that once I decided to follow you,
you would walk with me all the way,
but I noticed that during the most troublesome
times in my life there is only one set of footprints.
I don't understand why in times when
I needed you most, you would leave me."
God replied, "My precious, precious child.
I love you and I would never, never leave you
during your times of trials and suffering.
When you see only one set of footprints
it was then that I carried you."*
